Welcome to the Team

It is our pleasure to announce that Josue Ramirez will be supporting districts as a full time Graduation Specialist with the Migrant Education Program. Josue will be working with students at high schools across the region to improve student achievement, graduation rates, and career and college planning. We are thrilled at the experience and insight that Josue brings to our team to enhance support to our migrant students and families.

Upcoming Events

The MEP has several exciting events happening in the next few months. Please encourage your migrant families and any interested staff to attend. Prior to every meeting, families receive both a flier in the mail and a call home informing them of the details and locations of upcoming event.
