

DAILY ILLNESS SELF-SCREENING CHECKLIST

Published: February 16, 2021

Employees and parents/guardians of students will be required to self-screen daily for symptoms of illness before entering district property or using district transportation. In addition, this Self-Screening Checklist should be used to determine whether there is a risk for potential illness or exposure to COVID-19. ***If an employee or student has any of the following symptoms, or COVID-19 exposure, the employee or the student should stay home, report or have parent/guardian report the absence and symptoms to the school or appropriate supervisor, and contact their healthcare provider as necessary.***

COVID-19 Diagnosis / Close Contact / Potential Exposure

- Employee, student, or someone in their household has been diagnosed with COVID-19
- Employee or student has had close contact (within 6ft of an infected person for at least 15 minutes) with a person diagnosed with COVID-19
- Employee or student has been asked to isolate or quarantine at home by a medical professional or a local public health department
- Employee or student has a *household member* who has been in close contact (within 6ft of an infected person for at least 15 minutes) with a person diagnosed with COVID-19, and the *household member* now has symptoms of illness

Primary Symptoms of COVID-19

- Fever (temperature of 100.4°F or higher)
- A new cough that has not been diagnosed or cleared by a healthcare provider
- Unexplained shortness of breath
- New loss of taste or smell
- Chills
- Difficulty breathing

Additional Excludable Symptoms of Illness

- Vomiting
- Diarrhea
- Undiagnosed rash or sores

*For information about exclusion see the Oregon Department of Education and the Oregon Health Authority guides: [Planning for COVID-19 Scenarios in Schools](#) and [ODE/OHA Communicable Disease Guidance for the School Setting](#)
